

Errata, Corrigenda, and Typos
Wireless Communications – Third Edition
A. F. Molisch
11/15/2022

The following corrections should be applied:

p. xiv, line 17: replace “Exercises: Sec. 36.22 of Exercises.pdf” by “Exercises: Sec. 36.17 of Exercises.pdf”

p. xxi: Appendices 30.A, 30.B, and 30.C are not in a single file App30.pdf, but in the separate files App30A.pdf, App30B.pdf, and App30C.pdf, respectively.

p. 126: Eq. (7.9) should read

$$\overline{PL}_{\text{LBP,dB}}(d) = \alpha_{\text{LBP}} \cdot 10 \log_{10} \left(\frac{d}{d_{\text{break}}} \right) + \beta_{\text{BP}}, \quad (7.9)$$

p. 229: Eq. (10.75): delete the “f=” in the first integration limit, i.e., the equation should read

$$P_{\text{out}}(f_0) = 2 \int_{f_{\text{boundary}}}^{\infty} S(f) df = 2 \int_{f_{\text{boundary}}}^{\infty} \frac{16}{\pi^2} \left(\frac{\cos(2\pi f)}{1 - 16f^2} \right)^2 df \quad (10.75)$$

p. 418, caption of Fig. 16.26: replace “where structures A and B denote” with “where (a) and (b) show”

p. 426, Eq. (16.154): replace $e^{j\phi_\ell}$ by $e^{j\varphi_\ell}$, i.e., the equation should read

$$\sum_q \tilde{G}_{\text{BS}}(\check{\phi}_{\text{BS}}) \frac{1}{d_{\text{BS-IRS},q}} e^{-jk_0 d_{\text{BS-IRS},q}} \sum_\ell \rho_{\text{IRS}}(\phi_{\text{BS}}, \phi_{\text{UE},\ell}) e^{j\Delta_q} e^{-jk_0 d_{\text{IRS-UE},q,\ell}} a_\ell e^{j\varphi_\ell} \tilde{G}_{\text{UE}}(\check{\phi}_{\text{UE},\ell}) \quad (16.154)$$

p. 459, Exercises: replace “Exercises: Sec. 36.22 of Exercises.pdf” by “Exercises: Sec. 36.17 of Exercises.pdf”

p. 717, Eq. (28.12): there is a “1+” missing in the brackets, i.e., the equation should read

$$R_{\text{sum}} = \sum_{k=1}^K \log_2 \left(1 + \frac{\alpha_k \gamma_{\text{TX}} |h_k|^2}{\gamma_{\text{TX}} \sum_{k'=k+1}^K \alpha_{k'} |h_{k'}|^2 + 1} \right) \quad (28.12)$$

p. 785 Numbering of Equations in this chapter starts with (31.3); Eq. (31.1)-(31.2) do not exist.
